Word from the Board

This handsome exhibition is possible only with the generous support of our volunteers and donors. We thank BlackRock Center for the Arts for publicizing the exhibition. We thank our tireless volunteers who attend to the legion of details. We thank our vendors, our fellow art organizations, and our individual donors who support us with the awards. And lastly, we thank our artists whose talent and inspiration provide the art.

About the Baltimore Watercolor Society

Founded in 1885, the Baltimore Watercolor Society is the third oldest organization in the country devoted to the use of watercolor as a painting medium. Since its founding, numerous artists of national reputation have been associated with the Society as members, exhibitors and jurors.

The purpose of the Society is to encourage cultural interest in the development of professional quality, original works of art, executed in aqueous media.

The Society offers its Signature Artist Members and Associate Artist Members opportunities to exhibit in local and regional shows, frequent newsletters, workshops, lectures and demonstrations, and trips to major exhibitions.

The Baltimore Watercolor Society is a 501(C3) non-profit charitable organization, incorporated in the State of Maryland.

Juror's Statement

I would like to thank the Baltimore Watercolor Society for the honor of jurying the Mid-Atlantic Online Exhibition. In this most difficult time, it is amazing that we can still have the wonderful opportunity to exhibit and view great art and resourceful enough to showcase it in an unexpected way. Hopefully soon, we will all be back to viewing art in person as it was intended.

The work submitted this year was amazing and could easily have filled several exhibitions. It was difficult to limit the exhibition and even harder to select the awards. If you were not selected, please do not be discouraged. Sometimes it is as simple as the quality of the image or the number of paintings submitted with the same subject.

As usual, composition, design, and skill levels are strong considerations and each piece selected brought an element of interest to the exhibition. In terms of the awards, I was looking for that something special to set it apart from the crowd. In some cases, it was a unique vision, or a statement of our times, or perhaps a different way of handling the medium. In all cases, the artist is giving us a glimpse of themselves and a level of creativity.

I found joy in viewing and selecting the artwork and hope you will find equal enjoyment in viewing the exhibition.

With warm regards,

Linda Baker, AWS-DF, NWS

Word from the Mid-Atlantic Chair

What a challenge we had for the 2020 Mid-Atlantic Exhibition! No gallery. No reception. Nothing that we had ever done in the past. But our collective creativity has made a new opportunity. Just as our founding members went out in 1885 and created something new when the 'old thing' wasn't working for them, we have created a new way to have this exhibition. We are indebted to the talent and perseverance of April Rimpo to make this work. And thanks to Bob Coe, we will be able to have a People's Choice award again through the online exhibit site.

For almost twenty-five years I've met every week with my Thursday

painting gang. That stopped mid-March 2020, but we've continued to meet every week on Zoom, and every week there is 'homework' that we share. Some assignments have been: landscape, still life, interpret-this-photo, limited-palette, critters. My portrait is from the week we explored contour drawing. Lesson learned? Keep painting and keep your creativity growing.
